

Sophos Endpoint 100

Unmatched protection at an exclusive price for organizations with up to 100 employees

Overview

Sophos Endpoint 100 provides fully featured endpoint protection at an exceptional price, **exclusively for organizations with up to 100 employees**. It makes it easy for organizations to protect their business from advanced ransomware and other sophisticated cyberthreats, while making stretched cybersecurity funds go further.

Customer benefits

Elevate your protection against advanced threats while stretching your budget.

- **Unmatched threat protection at a competitive price** – Enterprise-grade cybersecurity that's cost-effective for smaller businesses. Sophos Endpoint 100 provides the same capabilities as the standard Sophos Endpoint solution.
- **Install-and-go** – Simple one-time installation and strong default settings in Sophos Central ensure customers have the best protection enabled immediately with no configuration needed.
- **Tough on threats. Easy on performance** – Sophos Endpoint is performance-optimized and light on system resources, so it doesn't get in the way.
- **Trusted, top-rated endpoint security** – Over 300,000 organizations worldwide trust Sophos Endpoint to protect their businesses. Sophos is a Leader in the 2025 Gartner Magic Quadrant for Endpoint Protection Platforms for the 16th consecutive time, and a "Customers' Choice" in the 2025 Gartner® Voice of the Customer report.

Partner benefits

Sophos Endpoint 100 is a quicker, easier, and more profitable way to elevate SMB customers' protection against advanced threats, including ransomware.

- **Accelerated and friction-free sales** – No need to engage with Sophos teams, freeing up time to maximize revenue-generating activities.
- **Competitive and differentiated** – Provide superior protection at an exceptional price.
- **Easy to quote and sell** – A single flat price for both endpoint and server licenses.
